## FINANCIAL POLICY

In order to reduce confusion and misunderstanding between our patients and the practice, we have adopted the following financial policy. If you have any questions, please discuss them with our billing staff or office manager. We are dedicated to providing the best possible care and service to you and regard your complete understanding of our financial policies as an essential element of your care and treatment.

- Payment is due at the time of service unless other arrangements have been made in advance by either yourself or your health coverage carrier. For your convenience, we will accept cash, check, and most major credit cards.
- Your insurance is a contract between you and your insurance company. As a courtesy, we will file your insurance claim for you if you assign the benefits to the doctor; in other words, you agree to have your insurance company pay the doctor directly. If your insurance company does not pay the practice within a reasonable period, we will look to you for payment. If we later receive a check from your insurer, we will refund any overpayment to you.
- We have made prior arrangements with many insurers and other health plans to accept an assignment of benefits. If you are covered by one of these plans, we will bill your plan and will only require you to pay the copayment at the time of service.
- All health plans are not the same and do not cover the same services. In the event your health plan determines a service to be "not covered", you will be responsible for the complete charge. Payment is due upon receipt of a statement from our office.
- We will bill your health plan for unscheduled services provided in the hospital. Any balance remaining, after your health plan pays, is your responsibility. Payment is due upon receipt of statement from our office.
- Your estimated portion of our fees for scheduled surgical procedures is due prior to the surgery date. Any balance remaining, after your health plan pays, is your responsibility. Payment is due upon receipt of statement from our office.
- We will look to the **adult accompanying** a minor for all services rendered to minor patients.

All surgery includes a 60- to 90-day period of postoperative office visits, as established by your health plan. This does not include x-rays, physical therapy, or durable medical prescribed.

*I have read and understand the financial policy of the practice, and I agree to be bound by its terms. I also understand and agree that such terms may be amended from time to time by the practice.*
